# Travel in first class.

360°

Titanium with 17" alloy wheels (accessory) in Moondust Silver metallic body colour.

Titanium in Ruby Red metallic body colour.

A new dimension in space and comfort.

# Connects with your voice, responds to your touch.

The new Ford **SYNC 3 with Voice Control and 8" Touchscreen*** enhances the sophisticated driving experience of your Galaxy. The system lets you control everything from interior climate to satellite navigation◊. SYNC 3 will even manage phone calls, and text messaging – all through remarkably simple voice commands. The intuitive 8" colour touchscreen display is able to integrate with your smartphone applications using Applink, Apple CarPlay and Android Auto – allowing you to configure your home screen just the way you want it. Live Traffic** - available through FordPass - connects via SYNC 3 with navigation to give you up-to-the-minute traffic data. And Emergency Assistance† will help occupants place an emergency call to provide the emergency services with vehicle location in their own language.

*SYNC 3 is standard on Titanium. Option on Zetec.
◊Satellite Navigation is optional on Zetec and Titanium.
**Live Traffic is free for 2 years, and only available through SYNC 3 with optional navigation.
†Ford Emergency Assistance operates in over 40 European countries. This feature works when paired with a compatible connected mobile phone that is with you and switched on when an airbag is deployed or a sensor that registers a crash deactivates the fuel pump. SYNC AppLink and Emergency Assistance are not supported by all European languages. See your local Ford website for latest information. **Please note:** Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your area, please check official Apple CarPlay and Android Auto websites for the latest information.

# Makes parking a breeze.

Simply push the **Active Park Assist** button and the sensors of this innovative system locate a suitable space as you drive past. Then it automatically steers you in, while all you do is operate the accelerator, gears and brake (following on-screen instructions and audible signals). (Optional)

**Perpendicular parking**

**Parallel parking**

# Intelligent All-Wheel Drive.

Ford Galaxy's **Intelligent All-Wheel Drive** system continually monitors where power is needed, and automatically applies the required torque to each individual wheel for added confidence, whatever the road conditions.

A special display on the cluster panel shows the power distribution between all four wheels. (Standard on AWD models)

# The luxury of power with economy.

**High power bi-turbo diesel engine**

All Ford Galaxy diesel models impress with their refined power, responsiveness and fuel economy. Now the acclaimed range is joined by a high-power 210 PS (154 kW) Duratorq TDCi unit that employs our latest **bi-turbo technology** for even more spirited performance. (Available on Titanium)

# Reacts before you know it.

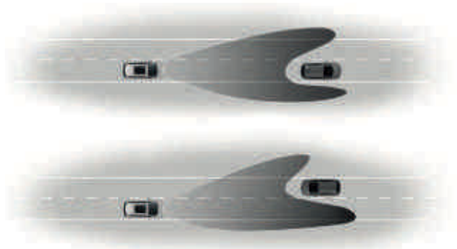
Using radar and a camera, **Pre-Collision Assist** keeps a watchful eye on the road ahead for cars and pedestrians. The system is designed to read the road conditions and can alert you to a potential collision. If you don't respond to the system's warning signals, the car will automatically apply the brakes to help avoid or reduce the effect of any impact. (Optional)

# No ordinary headlight.

Ford Galaxy is available with our latest **Adaptive Lighting with Ford Dynamic LED headlights.** The intelligent headlight system detects different road conditions and selects the appropriate beam pattern for enhanced illumination. While the **dynamic curve light** throws the beam inside the curve to let you see further and sooner. The headlights also incorporate new **daytime running lights.** These distinctive lights have three LED strips that also function as turn indicators, flashing sequentially towards the direction of turn. (Optional on Zetec & Titanium, or as part of an option pack)

# Drive on high beam without the dazzle.

**Glare-free high beam** lets you drive on high beam without dazzling other road users. Sensors identify traffic ahead of your car and adjust the high beam pattern to protect other road users from glare, while illuminating the remainder of the road for greater visibility. (As part of optional Adaptive Head Lamps)



**1. Preceding traffic**
The front camera detects the light source from vehicles travelling ahead and automatically fades out individual portions of the high beam light to avoid dazzling other drivers.

**2. Oncoming traffic**
High beam remains active in all areas of the road around the identified vehicle, helping to illuminate objects such as parked cars or pedestrians that may normally be hidden.

# Experience life in high definition.

Enjoy the beauty of the outdoors from the comfort of your Ford Galaxy. A full-length glass panorama roof lets the sun shine in and offers plenty of fresh air too, thanks to its electrically-operated sliding action. A Solar Reflect coating and powered sunblind provide shade and privacy when required. (Optional)

## Galaxy Zetec - only available while stocks last

**Exterior features**

- 17" 5x2-spoke alloy wheels (not shown)
- Front fog lights
- Upper front grille with chrome surround
- Headlight courtesy delay
- Daytime running lights
- Electrically-operated and heated auto-fold door mirrors with body colour housings, side indicators and puddle lights
- Remote control central locking
- Thatcham Category 1
- Black-finish roof rails
- Rear privacy glass
- Front and rear parking distance sensors
- Locking wheel nuts

**Interior features**

- SYNC, 4.2" colour display, media hub with USB, and 8 speakers (not shown)
- Ford Power Starter Button
- Dual-zone Electronic Automatic Temperature Control air conditioning
- Power-operated front and rear windows with global opening/closing and one-shot up/down
- Gearshift indicator light
- Full-length overhead console with sunglasses stowage and child watch mirror
- Front door scuff plates
- Driver's and front passenger's* front and side airbags
- Driver's knee bolster airbag
- First, second and third-row side curtain airbags
- Third-row rear seats with manual fold flat, slide and recline, and manual easy entry to the third row
- Load compartment tonneau cover
- Comfort-style front seats with four-way manual adjustment and underseat stowage
- Leather-trimmed steering wheel
- Leather-trimmed gearshift knob
- Driver and passenger's manual lumbar seat adjustment

**Galaxy Zetec engine choices**

Diesel: 2.0 TDCi - 120 / 150 / 180PS

360°

## Galaxy Titanium

**Exterior features additional to Zetec**

- 17" 10-spoke alloy wheels (not shown)
- LED daytime running lights
- Lower front grille with chrome surround
- Rear privacy glass
- Chrome window surround
- Chrome-finish roof rails
- Automatic headlights including auto wipers and Auto High Beam

**Interior features additional to Zetec**

- SYNC 3, 8" TFT LCD touchscreen, media hub with AUX jack, 2 USBs and SD card slot, and 8 speakers
- 10.1" colour TFT cluster display
- Dual-Zone Electronic Automatic Temperature Control Air Conditioning
- Interior ambient lighting
- Velour floor mats, front and rear
- Laminated noise-reducing glass – with Sony Audio Packs only
- Lane Keeping Assist (including Lane Keeping Aid, Auto High Beam, Driver Alert and Traffic Sign Recognition)
- Cruise control (includes Speed Limiter and intelligent speed assistance)

**Galaxy Titanium engine choices**

Petrol: 1.5 Ford EcoBoost 160 PS
Diesel: 2.0 TDCi - 150 / 180 / 210PS

**10.1" colour TFT cluster display**
(Standard)

**Mesh lower front grille with chrome surround**
(Standard)

Galaxy Titanium X (this series is not marketed in RoI, however additional features can be specified on Titanium)

# More of what you deserve.

### Ford SYNC 3 with Voice Control and Touchscreen

Phone, entertainment, navigation, climate. Control it all via the 8" full-colour touchscreen or by using easy voice commands. (Optional on Zetec, standard on Titanium)

### Hands-free liftgate

Opening or closing Galaxy's liftgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the liftgate will operate without you having to touch a thing. (Optional)

### Adaptive Lighting with Ford Dynamic LED headlights

Detects different road conditions and selects the appropriate beam pattern. While the **dynamic curve light** throws the beam inside the curve to let you see further and sooner. The headlights also incorporate **daytime running lights**, with three LED strips that also function as turn indicators, flashing sequentially towards the direction of turn. (Available as an individual option, or as part of a pack).

### Adaptive Steering

Designed to adjust the steering ratio to match the car's speed. At lower speeds, a small turn of the steering wheel translates into a big turn of the front wheels, making parallel parking a breeze. At higher speeds, the steering wheel must be turned further for the same effect, enhancing directional stability and ride comfort. (Optional)

**Blazer Blue**
Solid body colour

**Frozen White***
Solid body colour

**Moondust Silver**
Metallic body colour*

**Shadow Black**
Mica body colour*

**Ruby Red**
Tinted clearcoat metallic body colour*

**Deep Impact Blue**
Metallic body colour*

**Guard Grey**
Metallic body colour*

# We chose Magnetic Grey. What will you choose?

New Ford Galaxy owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the water-based top coat, new materials and application processes ensure it's not only virtually solvent-free, but will retain its good looks for many years to come.

**Magnetic Grey**
Metallic body colour*

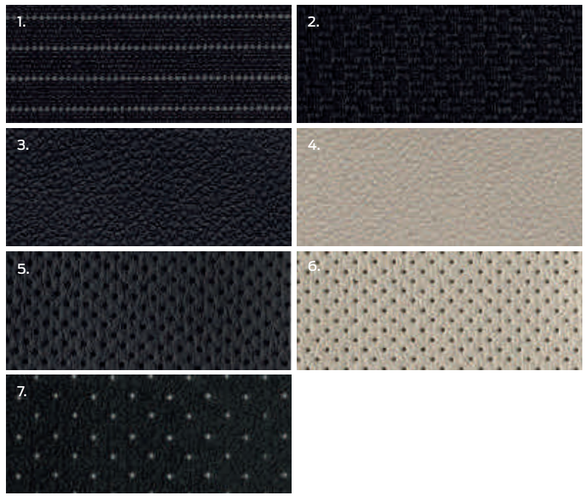
*Frozen White, Mica and Metallic body colours at extra cost.

The Ford Galaxy is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.

**Note** The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of printing processes used.

# Made to measure.

Inside the new Ford Galaxy sound absorption materials create a place of harmony and control. Unexpected features include **Multi-Contour Seats** with an arrangement of pneumatic cushions that can provide customised support, and a massage function for the driver's seat to invigorate tired muscles. (Optional)



1. Solitude in Ebony for Zetec
2. Axis in Ebony for Titanium
3. Salerno leather in Ebony optional for Titanium
4. Salerno leather in Medium Soft Ceramic for Titanium (n/a RoI)
5. Salerno Micro Perf leather in Ebony optional for Titanium (Multi-Contour Seat)
6. Salerno Micro Perf leather in Medium Soft Ceramic for Titanium (Multi-Contour Seat) (n/a in RoI)
7. Partial Leather in Ebony optional for Titanium

**Power-adjustable steering column**
Getting in and out of the new Galaxy Titanium (option and part of an option pack on Titanium) is made easier by the optional **powered steering column** that moves away to allow extra space. Coupled with the **10-way power-operated driver's seat** with **memory function**, it always returns to your ideal driving position.

### Thule®+ rear bike carrier

High-quality tow bar-mounted bike carrier from leading manufacturer Thule®. Features practical tilting mechanism for easy access to the load compartment. (Accessory)

### Load floor net

Elasticated net attaches to tie-down hooks in the load compartment. Helps to secure smaller items. (Accessory)

### Load compartment mat

Reversible design offers choice of carpet or durable rubber surface ideal for carrying wet or dirty items. Also offers fold-out bumper protection. (Option and accessory)

### Load retention guard

Robust retention systems meeting European ECE-R17/ISO27955 safety requirements keep items of luggage safely in the load compartment. A net can be ordered for fitment behind the second row of seats, while a guard is available for fitment behind either first or second row. (Option and accessory). (Not available in conjunction with Tri-zone Electronic Automatic Temperature Control).

### Retractable tow bar

Ford's power-operated retractable tow bar automatically stows itself out of sight below the rear bumper when not in use, retaining the car's sleek looks. (Option and accessory)

### Mudflaps

Contoured mudflaps help to keep your Ford Galaxy clean by reducing road spray and stone chips. Available as sets for front and rear. (Option and Accessory)

### Crossbars, for roof rails

Sturdy and lockable crossbars allow you to transport loads safely and easily. The crossbars are only available in combination with roof rails, and form the basis for various available roof attachments. (Accessory)

### All-weather floor mats

All-weather floor mats are tailor-made to fit perfectly and protect against dirt and damp. Securely fixed directly onto the vehicle's floor, the mat cannot slip and interfere with the pedals. (Accessory)

**Heated steering wheel**

Warms up at the touch of a button to add another layer of comfort between you and the cold outside. (Optional)

# Arrive refreshed and invigorated

**Multi-contour front seats**

Built into the front seats are 11 pneumatic cushions, arranged to provide extra support, comfort and, when required, give you a massage. Operated via the 8" colour touchscreen, they can massage your upper back, lower back, bottom and thighs to help prevent muscle fatigue on long journeys. Both front seats are covered in perforated leather and include a cooling and heating function and 8-way power adjustment. (Option on Titanium)

# Connect with your world

A choice of superb audio, navigation and entertainment systems, with built-in connectivity for your gadgets, lets you fill your Ford Galaxy with your favourite music and connect to the outside world.

**Remote audio controls**

Keep your hands on the wheel and your MP3 on the right track. (Remote audio controls and MP3 connection are standard)

**SYNC 3 with all new HMI**

The improved SYNC 3 8" touchscreen is more responsive and supports multi-touch gestures such as 'swipe' and 'pinch-to-zoom'. And the new 3D map view with intuitive one-box search tool makes navigation easier with SYNC 3.

**SYNC 3 with Voice Control and Touchscreen**

The new SYNC 3 system supports enhanced voice control capability, while Bluetooth® and USB connectivity, along with Applink, Apple CarPlay and Android Auto, all allow you to integrate the SYNC 3 system with your smartphone. This means you can control music, manage your calls, text messaging, and phone Apps, satellite navigation and climate control – all with the simplest of voice commands.

**Customise your home screen settings**

Customise the SYNC 3 home screen by arranging application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, as well as tailor presets for multiple users.

# Smart technology

The Ford Galaxy comes with an impressive list of technologies designed to make life easier for you and those around you. (Some features may be optional at extra cost)

1. **Front Split-view camera**
   Provides a 180-degree view from the very front of your car to the left- and right-hand sides. Particularly useful at junctions and when driving forwards out of parking spaces where your lateral view is impaired.
2. **Traffic Sign Recognition[e]**
   Designed to automatically read standard format road-speed signs and display the posted speed limit in the instrument cluster.
3. **Blind Spot Information System with Cross Traffic Alert[e†]**
   As another vehicle – a car, van or lorry – enters your blind spot, the system is designed to alert you with a warning light built into the driver's and passenger's door mirrors.
4. **Active Park Assist[e]**
   Ultrasonic sensors confirm whether the gap is large enough to park in and the steering is then automatically controlled while you operate the pedals. (Option)
5. **Pre-Collision Assist[e]**
   Uses the forward-facing camera and radar to identify potential frontal collisions. Provides an audible and visual warning, pre-charges the braking system and can automatically apply the brakes if you fail to react.
6. **Lane Keeping Alert and Lane Keeping Aid[e††]**
   Designed to recognise when you approach lane markings without using the indicator, and alerts you with vibrations through the steering wheel. If the system detects that an unintentional lane change is likely to occur, it is designed to apply a steering torque back towards the lane you were in.
7. **Intelligent Speed Assist[e]**
   When activated, the system automatically restricts the vehicle speed to the speed limit detected by the Traffic Sign Recognition system. The driver can also select a top speed tolerance in addition to the detected speed limit.
8. **Ford MyKey[e]**
   This innovative feature lets you tailor and limit car settings – like top speed and audio volume – to suit individual users. This can help prevent the car being used in a manner that could detract from good and safe driving.
9. **Rear-view Camera**
   Select reverse gear and the rear-view camera comes on automatically in the centre stack display, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car to help you manoeuvre more easily and safely.

[e]Uses sensors.
[†]Designed to operate at speeds below 30 km/h. [†]Designed to operate at speeds above 10 km/h.
[††]Operates at speeds over 65 km/h on multi-lane roads with clearly visible lane markings.

● = Standard, ○ = Optional, at extra cost, □ = Part of option pack, at extra cost. [1]Safety feature, [2]Driver assistance feature.

***Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats.**

# Intelligent Protection System(IPS)[Ø1]

Ford Galaxy's advanced Intelligent Protection System (IPS)[1] uses a range of sophisticated technologies that are designed to help keep you protected, including an ultra-high strength steel safety cage[1], Electronic Stability Control (ESC) and front and curtain airbags[1].

**The Ford Galaxy's IPS[1] includes:**

1. Driver's and front passenger's airbags*[1]
2. Driver's, front passenger's and second row (option) side impact airbags[1]
3. Driver's inflatable knee airbag[1]
4. Side curtain airbags for front and rear seats[1]
5. Seat belt pre-tensioners and load-limiters on all second-row seats
6. Seat belt minders on all seats

[Ø]Uses sensors, [1]Safety feature,
*Includes front passenger's airbag deactivation switch.
Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats.

| Auto-Stop-Start system | ● | ● |

● = Standard, ○ = Optional, at extra cost. □ = Part of an option pack, at extra cost.

# Helps you find a space. And get in. And get out again

**Active Park Assist**

Can help you either parallel park or park perpendicular to the road. Once activated, the enhanced system can help locate a suitable space as you drive past. It automatically steers you in, while you operate the pedals (following on-screen and audible signals). (Optional)

**Park-Out Assist**

Designed to help you get out of a parallel parking space in the same way. (Part of Active Park Assist)

# Improved response

**High Power bi-turbo diesel engine**

Efficient, refined and powerful, the new high-power 210 PS (154 kW) Duratorq TDCi diesel engine delivers significantly higher outputs and lower fuel consumption than a conventional diesel. The electronically-controlled sequential bi-turbo design helps ensure optimum efficiency, with both smooth and strong acceleration across the speed range, and excellent performance feel.

All our engines – petrol and diesel – are equipped with Auto-Start-Stop that automatically cuts off the engine when the car comes to a stop, further reducing exhaust emissions and fuel consumption.

## Fuel and performance

*In 4th gear. **The declared Fuel/Energy Consumptions, $CO_2$ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and $CO_2$ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, $CO_2$ emissions and electric range. $CO_2$ is the main greenhouse gas responsible for global warming. A guide on fuel economy and $CO_2$ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.simi.ie. For further information see www.seai.ie.

# Ford EcoBoost. More power, less fuel

**Ford EcoBoost engines**

Ford's award-winning Ford EcoBoost petrol engines deliver the same performance as larger engines, but with superior fuel economy and lower emissions. For example, the new 1.5 Ford EcoBoost engine develops 160 PS (118 kW), yet achieves a combined fuel consumption of 6.5 l/100 km*, with $CO_2$ emissions of only 149 g/km*.

*Ford test figures (manual transmission).

# Ford Protect

You can extend your new vehicle warranty for up to three more years, with the Ford protect plan of your choice. Then you'll benefit from:

– No repair costs for major vehicle parts for up to 5 years

– No nasty suprises - one payment is all you need to make

# Insure

Ford Insure's comprehensive motor insurance, created exclusively for Ford owners, offers complete peace of mind. You can contact us on 1850 449 444, Monday to Friday 9am-8pm (excluding Bank Holidays). Why not try us out.

# Finance

Deciding how to finance your new car is just as important as choosing it. Before visiting your bank or credit union, speak to your Ford Dealer and see what Ford Credit, the experts in automotive finance, can offer you. Their range of flexible finance packages can help you to get the car you want.

Alternatively, visit

www.ford.ie/FordCredit

# Bodyshops

The Ford Authorised Bodyshop Programme was established to provide the very best service for you and your vehicle. A network of body repair specialists, they have the Ford know-how, technology and experience to repair your car to it's pre-accident condition. Because no one knows your Ford like we do, they are the perfect choice for repairing your Ford. And, we are so confident about the quality of our repair that we'll guarantee it for three years.
